Atlas Study

For tuition centres

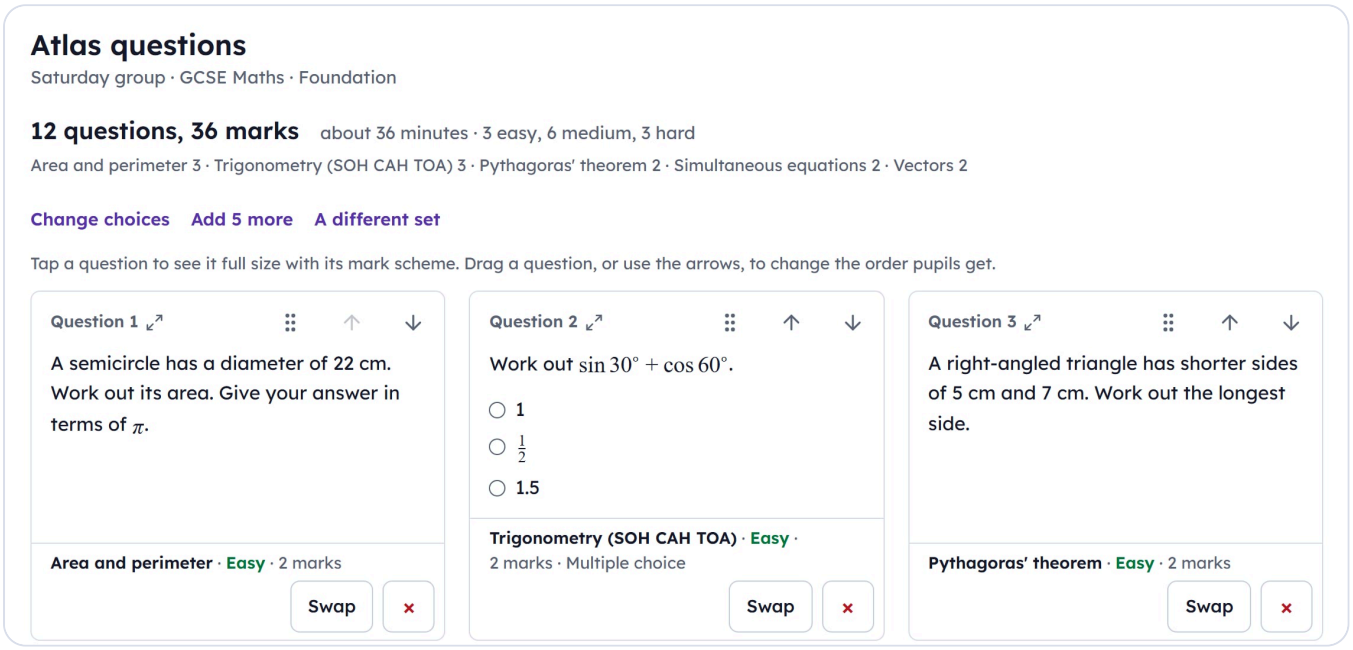

100,000+ questions with mark schemes, for every session.

KS2, KS3 and GCSE, by topic. Set work after each session in minutes. It marks itself, and parents see the progress.

100,000+
ready-made questions, KS2 to GCSE

Mark schemes
with the questions, so work marks itself

Every week
new questions are added

Pick the topics you just taught. Atlas chooses the questions, and you can swap any.

TUTORS

Tutor time back

Work marks itself, so tutors spend sessions teaching, not marking.

YOUR CENTRE

Every pupil in one view

Who handed in, and which topics each group finds hard.

PARENTS

Parents see progress

Their own child's homework and results, and a weekly email.

See it with your own groups.

A 20-minute call with your own subjects and groups.

HOW IT WORKS

Work between sessions, marked for you.

1

Tutors pick topics

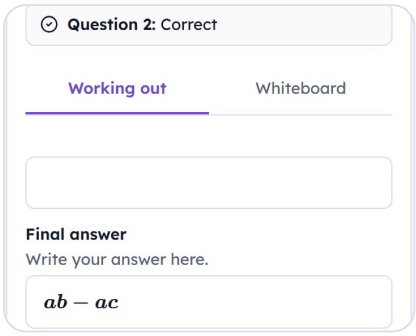

After each session, pick the topics you just taught. Choose how hard and how many.

2

Pupils do it at home

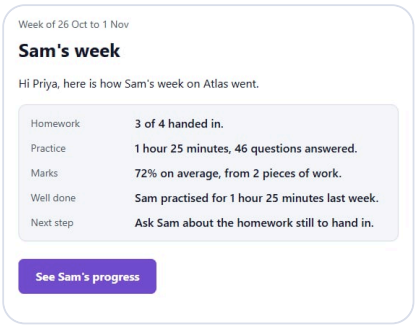

On any device. Work marks itself, so pupils get feedback straight away.

3

Parents see progress

Parents see the results you share, and get a short email each week.

LIVE LESSONS AND TESTS

Watch every pupil work, live in the session.

- ✓ See each pupil's work live, and every hand up.
- ✓ Help a pupil on their board, or message the class.
- ✓ Run mocks and tests live, with timing and hand-in.
- ✓ Close answering for everyone in one step.
- ✓ In a test, work saves itself as pupils go.

A live test: time left, and who asked a question.

Your centre, set up like a school: your own classes, tutors and pupils. Each parent sees only their own child.

Between sessions, pupils practise any topic. Write to one parent or a whole class in Atlas.
